Other Coverage Features

Accelerated Death Benefit — Terminal Illness

If you or your spouse is diagnosed by two unaffiliated physicians as terminally ill with a life expectancy of 12 months or less, the benefit for terminal illness provides for up to 75% of the Term Life Insurance coverage amount in-force or \$225,000, whichever is less, to be paid to the insured. This benefit is payable only once in the insured's lifetime, and will reduce the life insurance death benefit.

Continuation for Disability for Employees Age 60 or over

If your active service ends due to disability, at age 60 or over, your coverage will continue while you are disabled. Benefits will remain in force until the earliest of: the date you are no longer disabled, the

date the policy terminates, the date you are Disabled for 12 consecutive months, or the day after the last period for which premiums are paid. You are considered disabled if, because of injury or sickness, you are unable to perform all the material duties of your Regular Occupation, or you are receiving disability benefits under your Employer's plan.

Extended Death Benefit

The extended death benefit ensures that if you become disabled prior to age 60, and die before it is determined if you qualify for Waiver of Premium, we will pay the life insurance benefit if you remain disabled during that period. If you qualify for this benefit and have insured your spouse or children, their coverage is also extended. No additional premium

payment is required for the extended coverage.

Waiver of Premium

If you are totally disabled prior to age 60 and can't work for at least 6 months, you won't need to pay premiums for your coverage while you are disabled, provided the insurance company approves you for this benefit. You are considered totally disabled when you are completely unable to engage in any occupation for wage or profit because of injury or sickness. This benefit will remain in force until age 65, subject to proof of continuing disability each year. If you qualify and have insured your spouse or children, their premium is also waived.

Conversion

If group life insurance coverage is reduced or ends for any reason except nonpayment of premiums, you can convert to an individual policy. To convert, you must apply for the conversion policy and pay the first premium payment within 31 days after your group

coverage ends. Family members may convert their coverage as well. Converted policies are subject to certain benefits and limits as outlined in the conversion brochure which may be requested as needed. Premiums may change at this time.

Portability

This plan allows you to continue all of your voluntary coverage if you leave your employer. Premiums may change at this time. Just pay your premiums directly to the insurance company. Coverage may be continued for you and your spouse until age 70. Coverage may also be continued for your children.

Exclusions

Voluntary life insurance will not be paid if loss of life is the result of suicide that occurs within the first two years of coverage. The suicide exclusion applies from the effective date of any additional benefits or increases in Life Insurance Benefits.
